## EVENT DESCRIPTION

The BIID welcomes guests to attend The BIID Building Relationships Breakfast at Surface Design Show 2020.

Maria Vafiadis founder of MKV Design will be speaking at the event. Maria has two decades of design experience, having designed for hotels all over the world. Her clients include Kempinski Budapest and Hotel Schweizerhof, Bern. Maria will provide guests with an insight into how she finds reliable suppliers and requirements for jobs; what she looks for in her partners and suppliers; examples of when relationships and collaborations have worked and examples of where they have fallen down; and any recommendations she has for others to build successful relationships and how this contributes to a successful design practice.

The talk will be followed by an opportunity for Interiors Designers and Industry Partners to network and share experience.

Breakfast, tea and coffee will be provided.

This event is open to both BIID professional interior designer members and BIID Industry Partners.
